Welcome!

Peer Ministry Leadership is about the Good Samaritan story.

Instead of preaching and teaching it,

You get the skills necessary to live it.

We know that this is a big commitment. We recognize that you have to rearrange your normal schedule asking others to cover tasks while you are gone. We are certain that you will finish this training realizing all your arrangements were worth it!

Our training goal is to prepare you as mentors who not only know the curriculum but also uses and models the skills you will be teaching and encouraging others to use. Much of the learning methodology depends on group process. It is extremely important that you plan on being present for the entire time. Your missing any part of the training affects the quality of the experience for the entire group.

Youth who can not attend both days must be present for the first day. Attending late disrupts the dynamics and flow for the whole group.

The time is very full. We recommend you resist the temptation of working during the evenings. Give yourself permission to stay away from youth events, committee meetings and ever beckoning to-do-list!
